[July 2021] – [Current]	Web Development Intern	Shiv Nadar University Chennai	<ul style="list-style-type: none"><li>Work on SEO improvement</li><li>Develop microsites – Official Research Page of SNUC and other minor event pages.</li><li>Fix bugs</li><li>Update minor Quality of Life changes to the design on certain elements</li></ul>	N/A

## Technical Skills

- A. HTML 5
- B. CSS 3
- C. JavaScript
- D. PHP
- E. SQL
- F. Python
- G. C
- H. Java
- I. Bootstrap Framework
- J. SEO Analytical Tools
- K. Google Lighthouse
- L. Android Studio
- M. Embedded C for Arduino
- N. Python scripts for Raspberry Pi

## Education

Shiv Nadar University Chennai,  
[CGPA until Semester 4: 8.5  
MCC Campus Mat. Hr. Sec. School, Chennai, Tamil Nadu  
[Class 12: 562.57/600]

## Communication

- I was one of the official campus tour guides for my university.
- Hosted/Anchored events held inside my university.
- Part of the editorial team at my university's magazine.
- Presented a paper on "Design and Implementation of an Office Transport System Aggregator" at Presidency University, Bengaluru.

## Leadership

- Lead a team of 6 people for our English presentation.
- Lead a team of 4 people to work together on 4 client websites.
- Lead SNU Chennai's Nigdimmu event with a team of 20 members, which eventually had a turnout of 87 people.

## Achievements

- Part of the official marketing team as well as web development team at SNU Chennai.
- Runner up of the Lakshya Start Up Hackathon on October 3' 21 conducted at SSN College.
- Verified by the LinkedIn skill assessment test on SEO by being in the top 15% of whom took the test.
- Verified by the LinkedIn skill assessment test on HTML by being in the top 5% of those who took the test.
- Top 15% of people who took the LinkedIn skill assessment on SEO (Search Engine Optimization).

## Projects

- Integrating a Heartbeat Sensor with a Piezo electric buzzer in Arduino
- Chat Web Application
- Currently working on a Smart Home project with sensors like PIR, RFID, Water level, Gyroscope by integrating them to a Raspberry Pi with the help of the ESP-32.
- Currently working on a solution for transmitting data that's on Field on a computer near a tower, to constantly update a database across the internet with the Physics Dept of SNU Chennai

## Additional

- Completed the training for GDC FieldOps Cadet Training Program as I am a member of the YRC unit at my university.
- Can design detailed SRS reports that include all types of UML diagram.
- Also working on a large-scale product belonging to the travel domain.

I hereby declare that all of the information listed above to true to the best of my knowledge.
